## "JACK" MEYERS

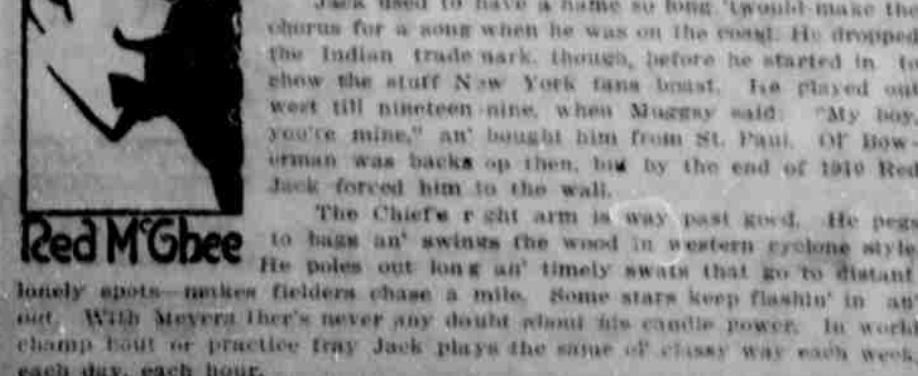

By A. M. CORRIGAN.

### RED MCGEE SAYS:

No real New Yorker ever tires of tellin' folks about Jack Meyers, the red-giant Giant star. It ain't no use for you to name some other backstop in the game. Jack's got him faded fast! That stuff gets ti-wome after while, but they ain't missed the mark a mile with all their bunt an' graft, or Jack can make their lies come true by gettin' out an' comin' through w' th' shades of fancy stuff.

Jack used to have a name so long 'round-make the chorus for a song when he was on the coast. He dropped the Indian trade-mark, though, before he started in to show the stuff New York fans know. He played out west till nineteen-nine, when Mugney said: "My boy, you're mine," an' bought him from St. Paul. Of course, he was back up then, but by the end of 1910 Red Jack forced him to the wall.

The Chief's right arm is way past good. He pegs an' swings the wood in western cyclone style. His poles out long an' timely swats that go to distant fields; chase a mile. Some stars keep flashin' in an' out. With Meyers there's never any doubt about his candle power. In world champ bout or practice tray Jack plays the same of classy way each week, each day, each hour.

### WHY WOMEN SUFFER.

Many Corpus Christi Women are Learning the Cause.

Women often suffer, not knowing the cause.

Headache, headache, dizziness, nervousness.

Irregular urinary passages, weakness, languor—

Each a torture of itself.

Together hint at weakened kidneys.

Strike at the root—get to the cause.

No other remedy more highly endorsed than Dean's Kidney Pills.

Recommended by thousands—

Endorsed at home.

Here's convincing testimony from a Corpus Christi citizen.

Mrs. J. B. Wilkinson, 210 Carrizo St., Corpus Christi, Texas, says: "I recommend Dean's Kidney Pills strongly as they did me a wonderful amount of good. I was in bad shape with my kidneys and pain through my back and sides. Dean's Kidney Pills acted as a tonic to my system and made me strong and well."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Dean's Kidney Pills.

Don't be hoodwinked by home timony like all stores.

## FIRST RAILWAY MAIL CAR BUILT 50 YEARS AGO

Fifty years ago today the world is distributing a large part of its mail matter in railway mail cars. In the United States over 18,000 railway mail clerks are separating over 89 percent of all the mail originating in this country and a large volume coming from foreign lands. They have separated in a single year nearly 23,000,000,000 pieces of mail matter, not including registered mail. They travel an aggregate distance of 300,000 miles every year on the 25,000 domestic transportation routes having a combined mileage of 450,000 miles. The service has been raised to the highest point of efficiency today and the present ratio of express & distribution has been reduced to 100,000 miles per day. The postmaster reported the mail distributed in the train while in transit.
